

# WATER

## BIG IDEAS

### WATER SUPPLY

- Diversify water storage infrastructure
- Subsidise water tanks
- Reduce water loss - fix leaks
- Increase water recycling
- Plant water sparing crops
- Water storage for fire fighting
- Localised water purchasing

This data has been shared by participants of the Byron Shire Resilience and Regeneration Roadshow Feb to April 2021

# Resilient Byron

Find out how to get involved.

### WATER QUALITY & EDUCATION

- Protect health of waterways
- Map waterways
- Increase awareness on water security
- Legislation to support water recycling
- Community/government coordination to share resources
- Grey water systems
